Copy of letter no
7 150/1940 d 25.4.40
From the Secretary to the Hon'ble the Resident
re protection of Turbanahalli Pumping Station.

A copy of the letter has been sent from the Police Section for necessary action.

Action to be taken in the Legis. Section is in regard to declaration of the Turbanhalli pumping station as a "protected place" under the Defence of India Rules, as applied to Mysore. This is for orders. The authority who should be empowered to regulate admission thereto has to be specified. If approved the Chief Engineer will be consulted on this point.

Whether the pumping station in charge of this Government (para 3 of the P.U.D) should be similarly declared a "protected place" is also a point for orders.

A draft to the Chief Electrical Engineer on these points is put up.

Submitted for orders.

The I. G. of Police
letter no AC. 1187/40-41 dated 24.6.41
recommending that both the pumping stations may be declared as Protected places.

The Residency suggested that the Turbanahalli Pumping station and may be declared as a Protected place and also enquired about the protection to the S.Holdevanahalli Pumping station. The I. G. of Police and the Chief Engineer are in favour of declaring them both as Protected places.

A draft notification is put up for orders.

NOTE—Cover Sheet.

CHIEF SECRETARY, 30 JUN. 1941 GOVT. OF MYSORE.

OFFICE OF THE MINISTER FOR LAW JUL 1 1941 No.

Secret. 6863/40 P 6285 P 8/40

Letter No.F.150/1940 Dated 24th May 1941 from the Secretary the Hon'ble the Resident in Mysore to the Chief Secretary to the Government of Mysore.

Subject:- Protection of Turbanhalli pumping station.

I am directed to say that headquarters, Madras District, have addressed this Residency regarding the protection of the Turbanhalli pumping station in relation to the facts as they are to-day. These are :-

(a) that while there is no general disturbance in the district any interference with the working of the Turbanhalli pumping station, by any ill disposed persons would have very ser.ous consequences. It is therefore proposed to erect a barbed wire fence round the pumping station and a guard of some sort will be necessary.

(b) the Mysore Government are going to augment their present water supply by 50% of the Turbanhalli output and therefore have a particular interest in the safety of the Station, apart from their normal responsibility for order in Mysore territory.

(c) the problem of finding a guard from Indian troops if the Mysore Government agreed to their employment in Mysore territory, would be most difficult as there are none available for this duty in Bangalore, and would, if sanctioned by headquarters, southern command, have to be specially imported.

2. In these circumstances, I am to say that the Hon'ble the Resident would be grateful if the Government of Mysore would agree:-

(a) to post a guard sufficient to find two armed police sentrées by night and one by day.

(b) declare the Turbanhalli pumping station a "protected" place.

(c) permit a barbed wire fence to be erected round the station.

3. I am also to enquire whether the Government of Mysore are taking any steps to protect their own pumping station i.e., the one on the same road between Turbanhalli and Chik Banavar.

4. I am to request the favour of an early reply.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

General and Revenue Secretariat

No. P6166 Legs' *Dated, Bangalore,* 3/6/ ~~May~~ 1941

From

The ~~General~~ Secretary to the Government of His Highness the Maharaja of Mysore.

To The Chief Engineer of Mysore,
Bangalore.

Sir,

Protection of Turubanhalli Pumping Station.

I am directed to state that the question of declaring the Turubannalli Pumping Station as a protected place under the Defence of India Rules as applied to Mysore is under the consideration of Government and to request you to kindly intimate the officer who may be empowered to regulate admission thereto in case the pumping station is declared as a protected place.

I am also to request you to kindly intimate whether any steps have been taken to protect the pumping station of this Government situated at Soludevanahalli on the road between Turubanhalli and Chikbanavar, and whether it is necessary to declare this also as a protected place. In such a case the officer who may be empowered to regulate admission thereto may also be intimated.

I have the honour to be,
Sir,
Your most obedient servant,

Dated Bangalore, 16.6.1941.

FROM

The Chief Engineer of Mysore,
BANGALORE.

CHIEF P.W.D. 17 JUN. 1941 GOVT. OF MYSORE.

The Chief Secretary to Government,
Bangalore.

Protection of Turbanahalli Pumping Station.

Sir,

With reference to your letter No.P.6166/Legis. dated the 3rd June 1941, regarding the above subject, I have the honour to forward herewith, a copy of letter No.1146 dated the 10th June 1941, received from the Executive Engineer, Water Supply Division.

C.E.

I agree with the Executive Engineer.

I have the honour to be
Sir,
Your most obedient servant,

Chief Engineer of Mysore.

TSRN.

Letter No.1146 dated 10th June 1941, from the Executive Engineer, Water Supply Division, Bangalore, to the Chief Engineer of Mysore, Bangalore.

Protection of Tarabanhalli Pumping Station.

With reference to your No.16784/1 dated 7th June 1941, forwarding copies of the letters from the Chief Secretary to Mysore Government, to the Chief Engineer, and from the Secretary to the Hon'ble the Resident in Mysore to the Chief Secretary, on the above subject, I have the honour to state that we have no objection for the guards being posted round the Tarabanahalli Pumping Station and declare it as a protected area and to put up a barbed wire fencing all round the station provided this Department is not subjected to any extra expenditure on this score.

Reserve Police guards have been arranged at Thippagondanahalli Dam and Pumping Station and the Jewell Filters at Bangalore. The same arrangements may also be done at Soldevanhalli as it is equally important. This Department has not been subjected to pay for such guards either in Thippagondanahalli or Combined Jewell Filters. A similar arrangement may also be made at Soldevanhalli.

As it is necessary that the Departmental Officers and local Chief Operator at Soldevanhalli should have access to the pumping station at Tarabanahalli, the Executive Engineer, Water Supply Division, may be empowered to regulate admission or issue passes to any one going inside the Tarabanahalli Pumping Station on official business. The same arrangement may be done for the Pumping Station at Soldevanhalli also should this be declared as a protected place which I consider is desirable.

Copy.
